

Dromex

COTTON GLOVES GCOT RANGE

GCOT/GREY

GCOT/WL

GCOT

Description

Dromex® GCOT machine knitted, 10-gauge, cotton blend ambidextrous seamless gloves are designed to keep the users' hands dry and clean from dust and dirt whilst providing comfort and protection of the hand.

Knit construction stretches for excellent fit, allows circulation of air in the glove and leaves no scratches or fingerprint residue contact on product.

Designed for a multiple range of industrial and household applications, it is ideal for warehousing, general maintenance industries and can be used as a liner glove.

Available in various colours:

- Part number GCOT, Natural cotton blend crochet glove with yellow cuff
- Part number GCOT/Grey cotton blend crochet glove with white cuff
- Part number GCOT/WL Bleached white cotton crochet glove with white cuff

Special Instructions

None of the materials or processes used in the manufacture of these products are known to be harmful to the wearer. The manufacturer has examined under the system for ensuring quality of production by means of monitoring and inspection. The gloves are designed to accommodate the basic safety requirements and standards for personal protective equipment. The information contained herein is intended to assist the wearer in the selection of personal protective equipment.

Actual conditions of use cannot be directly simulated in a test environment, therefore it is the responsibility of the user and not the manufacturer or supplier to determine the gloves suitability for the intended use.

All gloves should be thoroughly inspected before use to ensure no damage is present.

Compliance & Conformity

Performs equivalent to the requirements of CE type examinations, EN420 for innocuousness.

Specifications

Style:	Re-useable ambidextrous gloves, winged thumb and knit wristed
Liner:	Cotton blend
Palm	Part number GCOT, 1.4mm ± 5 % Part number GCOT/GREY, 1.5mm ± 5 % Part number GCOT/WL 1.5mm ± 5 %
Back	Part number GCOT, 1.4mm ± 5 % Part number GCOT/GREY, 1.5mm ± 5 % Part number GCOT/WL 1.5mm ± 5 %
Cuff:	Composite knitted wrist with over-locked cuff 1.6mm ± 5 %
Mass:	Due to bleaching/colouring of cotton, expect variation in mass Part number GCOT, ± 36g per pair (10) Part number GCOT/GREY, ± 58 g per pair (10) Part number GCOT/WL ± 42 g per pair (10)

Sizes Available

10

Packaging, Storage & Obsolescence

Packed in individual sealed plastic packets and sold as 300 pairs per carton for shipping. Store in a cool dry place, away from humidity and out of direct UV and sunlight. If stored correctly, the gloves physical properties will not change for up to 2 – 3 years.

Cleaning & Maintenance

Gloves should not be left in a contaminated condition if re-use is intended especially if potential hazards exist. Before removal from the hands excess contaminant should first be removed from the gloves. Should this not be possible, it is advisable to ease left and right hand gloves off, using the gloved hand and remove the gloves without the contaminant contacting the bare hands.

The gloves must be decontaminated as indicated below:

G2 gloves have proven that dry cleaning as well as laundering are suitable cleaning methods. We recommend that no bleaching or oxidising ingredients or any fabric softeners be used. Recommended washing temperature is maximum 40°C (104°F) with mild detergents. The drying process may cause felting on the fabric surface. Drying temperature should not exceed 60°C (140°F). There is no remarkable impact on cut resistance during the normal life cycle of the glove. Depending on the gloves construction, staining and cleaning method, the differences in shrinkage, yarn strength and colour may occur.

In order to maximise the gloves life cycle, we recommend the mildest possible cleaning conditions in terms of temperature, chemicals and cycle duration.

Disposal

All industrial waste should be disposed of correctly according to local regulations and good disposal practice. Gloves should be disposed of considering the hazardous substances they were used for. Please consider recycling.

1. Wing thumb
2. Knit wrist with overlock cuff
