## LADIES DENIM JEANS

POLYESTER · cotton · SPANDEX · YKK

**DWL-DENIMJEAN**

### Description

Dromex® ladies jeans, code DWL-DENIMJEAN are a classic style that is designed for comfort and ease of movement.

These jeans features the following:

- A mid-rise waistline and modern cut for a contured fit.
- The cotton natural fibre construction makes these jeans comfortable and breathable, whilst the spandex allows for movement/stretch and the polyester adds yarn strength.
- Core spun thread that is double stitched for durability on the inlegs, pocket opening, zip front, back yoke and the back rise.
- A concealed brass zip and button closure at waist.
- Swing pockets with brass rivet and studs and a coin pocket above the right waist pocket.
- Two rear open patch pockets.
- A high visibility yellow Dromex sidewinder label and leather loop label.
- Double needled topstitching.
- Hem allowance of 1 cm at the ankle.
- Stress points are bar tacked.

These jeans are suitable for use in general work environments such as warehouses, construction, corporate and promotional work.

### Special Instructions

Although the manufacturer has examined these garments under the system for ensuring quality of production by means of monitoring and inspection, we recommend that all garments should be thoroughly inspected before use to ensure no damage is present.

None of the materials or processes used in the manufacture of these products are known to be harmful to the wearer. The garments and information contained herein are designed to accommodate the basic safety requirements and standards for Personal Protective Equipment. Actual conditions of use cannot be directly simulated in a test environment, therefore it is the responsibility of the user and not the manufacturer or supplier to determine the suitability for intended use.
Keep clear of open flames.

### Cleaning & Maintenance

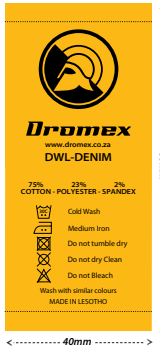

The following suggestions will help keep your garment neat and safe.
Denim garments can be cleaned by home cleaning or commercial laundering provided all the recommended conditions and settings are adhered to.
Should home procedures not remove contaminants, then dry cleaning is recommended.

Our recommended cleaning for these garments are as follows:

- Pre-treat greasy stains and wash the garment in warm water with a light cleaning solvent.
- Do not use Hypochlorite bleach or detergents containing Hypochlorite bleach as fading may occur.
- Do not tumble dry.
- Do not hang in direct sunlight as fading may occur.
- Wash with similar colours.
- When using commercial laundry aids, be sure to read and carefully follow the manufacturer's instructions.
